Sabhayogam & Vedic Education in Kerala

- Sree Raghavapuram Sabhayogam in **Perinchelloor Gramam** is one among the ancient Dharmic councils of Kerala (known as Sabhayogams).
- There were 32 Vedic Nampoothiri Graamams (villages) in Kerala where Vedadhayana was flourished with its unique oral tradition. **Karma Kanda** was given at most importance and **Jnana Kanda** was equally promoted in Kerala.
- Due to socio-political and economic reasons, there was **an unimaginable decline for vedic dharma** in last century. Currently Vedadhayana is flourished mainly in Iringalakkuda graama in Trissur district only.
- It's the **duty of each individual in Bharatha Varsha** to safe-guard this divine priceless common property called Vedas that's the core of our culture.
- Sree Raghavapuram Sabhayogam looks it as its Dharma to establish and maintain traditional Vedic schools in **Gurukula** system across the state of Kerala.
- For realizing this, Sabhayogam started the **Veda Vidya Prathishtanam** wing in 2018 in a simple way.

Vision and Mission

- Sree Raghavapuram Sabhayogam Veda Vidya Prathishatanam plans to establish at least **one new vedic school every year** for elementary vedic education (Samhithaadhyaana).
- It is envisaged that within a few years every eligible interested student would be trained in a vedic school.
- There will be opportunity for **higher learning in vedangas and sastras** with special attention to Karma Kanda.
- Sree Raghavapuram Sabhayogam would like to emerge as a **premier in vedic education** with its centers of excellence for higher learning both in and out of Kerala.
- Sabhayogam will start **veda pata salas** and promote all such initiatives in identified areas where there is decline of Vedic dharma.

Objectives

What a discipline attains in 12 years Gurukula life

- To gain knowledge and proficiency in own branch of Veda
- To have preliminary training in the Vedangas
- To learn and practice Sanskrit
- To accomplish a broad understanding in dharma shāstras, epics, purānas and āgamas

- To get modern higher education – including life skills & proficiency in different languages - along with Vedadyana
- To master Karma Kanda, Meemamsa, Tantra, Jyotisha etc.

- To be the living embodiments and missionaries of the eternal values proclaimed by Vedas
- To lead simple living obedient to Mother Earth and all her inmates
- To be the Acharyas helpful for the common public of the Nation and the whole world
